EASTBOURNE
Borough Council
www.eastbourne.gov.uk

Date: 6 May 2011

Cost of Website

Ref: FOI-12-042

Request and Response

1. *Please can you send me money spent on your Council's main website in the last 5 years. Please include:*

a) *Hosting costs (identify if you host the site yourself, or use a third party)*

Third Party (see table under b) for costs

b) *Cost of software used to manage/maintain the website (capital and revenue).*
i.e. CMS costs, plus other third party software costs (site search, analytics software etc). Also other third party web modules to back office systems; Academy self-service, for example.

Please note that the council is only able to provide figures for the last four years as we had an upgrade to our financial system in 2007 and no longer have access to the previous system.

Item	2007-08	2008-09	2009-10	2010-11
Website hosting costs	£7,750	£7,750	£16,000	£16,000
Content Management System annual support and maintenance	£5,000	£5,000	£5,200	£5,200
Web Analytics	£2,800	£3,200	£3,200	£3,400

c) *Cost of any redesign in the last 5 years*

See response to FOI request ref FOI-09-264 at:
http://www.eastbourne.gov.uk/EasySiteWeb/getresource.axd?AssetID=49015&type=full&servicetype=Inline

2. *Details of role, location and number of staff managing/ maintaining/ editing the website (i.e. number of staff in the Web Team and/or Communications Team and their roles, which department these teams sit within, number of staff in other departments editing the site).*

Two staff:
E-Communications Officer - overall responsibility for website content, management and policy
Web Developer - technical web development work
Both report directly to the System Support Manager within the Infrastructure division
